

Job Description: Home Football Game Bleacher Pads

This is a simple job, where you put out the Band Bleacher Pads to save their place in the stands. Must be done by 5pm. Parents at game will remove them after the varsity game and return them to the Uniform Room.

1. The pads are in the uniform room (on the left, high shelf, several mesh bags). One of you needs to have the pads in your car BEFORE Friday (because the band room isn't open until 5:45pm before the games).
2. You can store the pads at your house, if you want, for the entire season. Or, you can store them in the uniform room.
3. Install pads RIGHT in front of the Cheerleader stand (between cheerleader stand and 50 yd line). Band Seated with the aisle on their right. Start at the top. There will be some padless spaces at the bottom. *(note: specific positioning will have to be played "by ear" for the 2011 season due to the temporary bleachers).*
4. There are one or two pads (or three pads) that say "Los Gatos" and "Marching Band", or something like that. You will need to find them and place them in their special spot.
5. Leave the mesh bags tied next to the band. LOTS of parents help roll up the pads at the end-- and they'll be looking for the bags.
6. Arrange for the pads to go home or back into the band room.
7. If it rains, the pads will need to be dried at your home.
