#### **I. Treasurer's Report** (Debbie Sacks)

Out budget is in good shape and we expect to be able to set aside approximately \$3,300 to keep our uniform fund growing.

#### **II. New Music Building** (Patricia Hurtado & Kevin Rogers)

Patricia showed slides of the layout of the new music building and interior drawings. Our new music building will have a band room that is approximately double the size of the current music room, a large ensemble room, a percussion room, a choir room, booster/uniform storage, a color guard room, a conference room, two offices, seven practice rooms (1 large, 1 medium, 5 small), a library, a general storage room, two unisex restrooms for instructors, and girls' and boys' restrooms. The new 2-story classroom building will be separate, but adjacent to the music building, and the two buildings will share a quad-type area.

Assistant Principal Kevin Rogers has been meeting with neighbors in the Pleasant Avenue area who are concerned about disruptions that will be caused by construction, and about general night-time noise at LGHS due to events and practices.
